

8 PER CENT is an Erasmus+ project which aims to support the growth of innovative entrepreneurs in Europe. To achieve this, the project will develop the following intellectual outputs:

- IO1 – Compendium of interactive infographics providing innovation entrepreneurship training
- IO2 – In-service training for VET tutors
- IO3 – 8 PER CENT MOOC

Where are we at?

The Consortium has worked on the development of the Interactive learning resource toolkit and the in-service training for VET tutors.

The partners gathered online to discuss the development of the project and the next steps. The partner meeting took place online on the 14th of December 2021.

The partners discussed the progress of the development of the interactive infographics and agreed on how to proceed with the translation of the infographics resources.

Due to the current Covid-19 situation, partners have agreed to hold the C1 training activity in February 2022 in a hybrid format, as the majority of partners will be able to travel. Eventual changes – according to the evolution of the pandemic – will be made at the beginning of 2022.

Coming next

IO1 - Interactive Infographics

The Toolkit will comprise 10 interactive infographics each one addressing the key competences area:

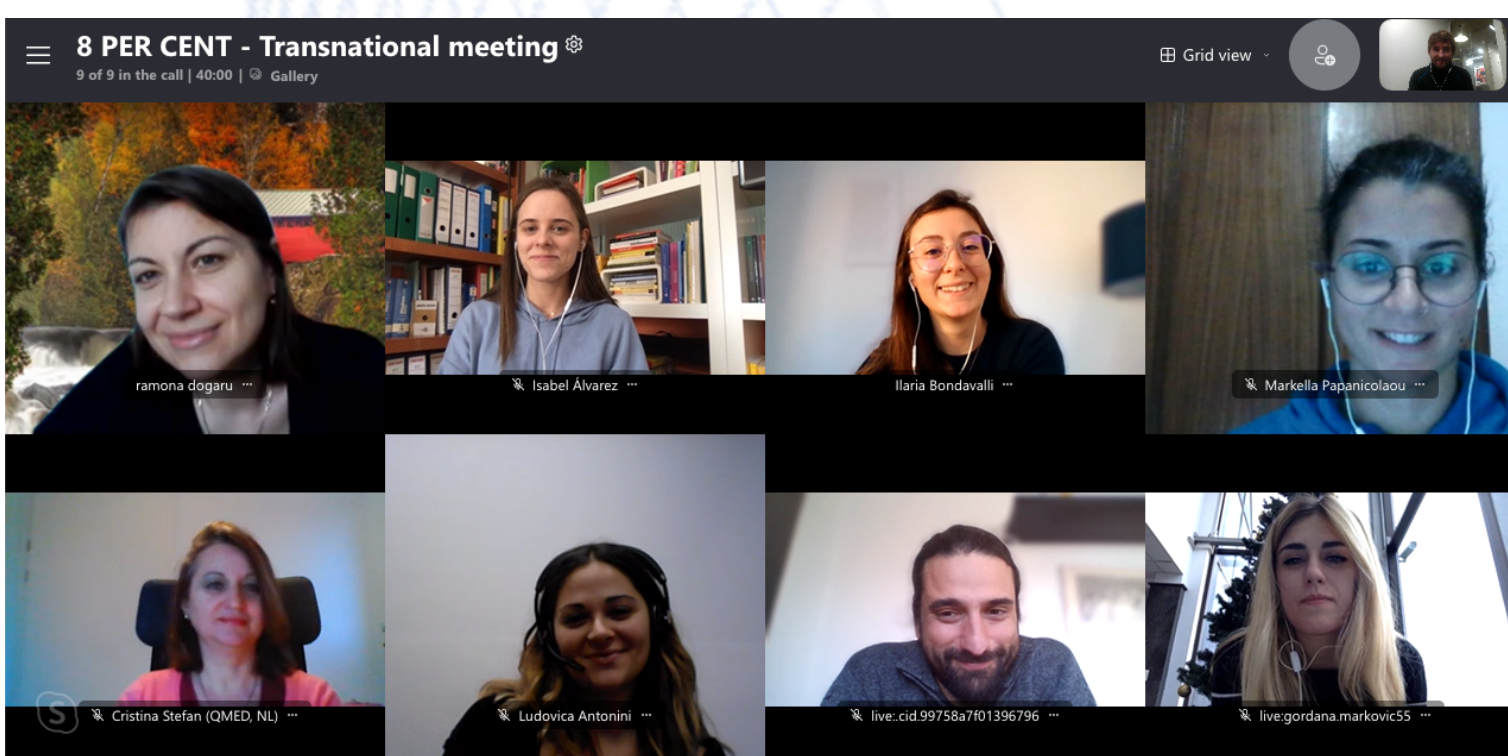

IO2 - In-service Training

This matrix of learning outcomes will be accompanied by a set of development and content guidelines for each module of the in-service training curriculum

IO3 - MOOC

A MOOC prototype is being currently developed and a draft will be presented to the partners during the C1 activity in February.
